National Drug and Alcohol Facts Week  
March 18–24, 2024

Participate in National Drug and Alcohol Facts Week® (NDAFW) and help share facts about drugs, alcohol, and addiction in your community. NDAFW is an annual, week-long health observance that inspires dialogue about the science of drug use and addiction among youth. NDAFW provides an opportunity to bring together scientists, students, educators, healthcare providers, and community partners to help advance the science and address youth drug and alcohol use in communities and nationwide.

For further information on National Drug and Alcohol Facts Week, visit this website: <https://nida.nih.gov/research-topics/parents-educators/national-drug-alcohol-fact-week>
