National Impaired Driving Prevention Month

December is National Impaired Driving Prevention Month, Two of the most celebrated days of the year, Christmas Eve and New Year's Eve, also are among the deadliest. That's why December has been recognized as National Impaired Driving Prevention Month.

The National Highway Safety Traffic Administration (NHTSA) reported that in 2019 during the week between Christmas and New Year's Day, 210 lives were lost due to alcohol-impaired driving crashes. That's 210 people in one week who didn't make it home because either they or someone with whom they came in contact chose to use alcohol and then get behind the wheel. That same year, more than 10,000 people died from drunk driving crashes alone.
